

Saturday May 4, 2013: Vigil for Life

Topic: The annual Vigil for Life is a time to come together and celebrate all human life and pray and fast for God's mercy, compassion, and healing. Abortion is the end result of the culture of death, of the original sin that occurred in the Garden of Eden. Let us come together to celebrate our faith, worship God, and ask for continued conversion.

Catechist: Archbishop Richard Smith

Witness: Carmel Hunt

Carmel grew up in Ireland the youngest of nine children. Moved to Edmonton in 1986 to volunteer for one year as a live in assistant with L'Arche Edmonton, a community where people with and without disabilities share life and commit to building mutual relationship. Today, 26 years later she sees L'Arche as her vocation and feels both humbled and privileged to belong to an international organization that celebrates the gifts and uniqueness of each person.

Carmel and Chuck have two daughters. They are members of Assumption Parish, Edmonton. Carmel served as the administrative assistant for a couple of years and is involved in liturgical ministries.
